— THEN —

With a whispered secret password (speaking easy so as not to be overheard) doors opened to a world where whiskey and moonshine flowed freely, and prohibition was nothing but a dirty word. Live music and dancing filled the air inside the bar and, except for the shady characters who brought in alcohol under the cover of darkness, Roaring Social brought exuberance, entertainment, and good times.

— NOW —

With a nod to its infamous past, revelers enter the respectable storefront of RoSo Clothiers. Those in the know will find the secret password, a password opening an unassuming door to unexpected delights. As you sink into velvet sofas, taking in the impeccable surroundings, you'll swear you hear the whispered conversations, laughter, and strains of music of a bygone era. Surrounded by opulence and world-class style, you'll discover that to your surprise, the pleasures of the past are present today.
